From the CEO

Submitted by Mindi Baker, Eventide Campus CEO

Eventide has long been known as an area resource and provider in caring for individuals with dementia. We focus on creating awareness about dementia and Alzheimer's Disease because, of those 65 years of age and older, nearly 62,000 Iowans and nearly 7 million Americans have this diagnosis. According to the Alzheimer's Association, 1 in 9 people aged 65 and older have Alzheimer's. And it's rapidly growing. The Centers for Medicare and Medicaid Services (CMS) project those numbers will climb from 6.7 million to 14 million by the year 2060.

Starting this month, CMS will start a new voluntary nationwide model called Guiding an Improved Dementia Experience ("GUIDE"). GUIDE was developed to support individuals with dementia who do not live in a nursing facility but live in other settings such as their own home or assisted living. The GUIDE model test will launch this month and run for eight years.

Per CMS, the model will focus on dementia care management to help improve the quality of life for people living with dementia, reduce strain for unpaid caregivers, and allow people living with dementia to remain in their own homes. Likely behind the implementation from CMS is an innovative way to try to save dollars, especially for Medicare and Medicaid. Per ATI Advisory, 8% of the people with Medicare Fee for Service had a dementia diagnosis in 2023. Experts state the true percentage is likely higher due to those who go undiagnosed, and the costs are skyrocketing. Reportedly, another goal of this program is to get people properly diagnosed and coordinate the needed services.

As this model develops, it is hoped to allow for significant flexibility. Here are some highlights to the program:

- Only those on Traditional Medicare – no Advantage/Managed Care Plans – are eligible with a qualifying dementia diagnosis.

- Eligible recipients can expect a letter informing them of the program. Some anticipate this may not be released until January of 2025, however. Please note it is anticipated these letters may also come from approved providers across the nation who may approach delivery of care remotely on a virtual basis.

- Those on the program will have a comprehensive, standardized delivery approach with an interdisciplinary care team as well as a care navigator.

- The individual will be placed in one of five tiers based on assessment. This tier will dictate the monthly payment per beneficiary.

- There will be a respite care payment option currently capped with an annual dollar amount.

- The provider list for GUIDE has not yet been released by CMS but is expected to come out soon (likely July).

Eventide Leadership supports CMS for developing an innovative approach to providing resources to those affected by dementia, and we anticipate this has the ability to change the landscape of caring for those with dementia. We will continue to monitor and engage in the GUIDE program and embrace the model for the future as Eventide looks to be a partner organization with the selected providers. Stay tuned.

Team Eventide and the Walk to End Alzheimer's!

Submitted by Robin Schiltz, Gracewell Activity Director

As many of you are aware, the Eventide Community is very active when it comes to creating awareness and raising funds for the Alzheimer's Association! According to the Association, worldwide, more than 55 million people are living with dementia. In the United States alone, nearly 7 million have Alzheimer's, and over 11 million are providing unpaid care. The Association addresses this crisis by providing education and support to the millions who face dementia every day, while advancing critical research toward methods of treatment, prevention and ultimately, a cure.

Team Eventide has participated in fundraising for the Alzheimer's Association for over 25 years! We kicked off our fundraising efforts with a bake sale on the 'The Longest Day'. The Longest Day is the day with the most light – the summer solstice. The Longest Day participants fight the darkness of Alzheimer's and all other dementia through a fundraising activity of their choice. A huge thank you goes out to those who baked or bought to support our cause!

We will be hosting more fundraisers in the months to follow. Currently, you can donate to the front reception desk at Gracewell to support our team's efforts and to get the name of your loved one posted. The Walk to End Alzheimer's, which is held in more than 600 communities nationwide, is the world's largest event to raise awareness and funds for Alzheimer's care, support and research. Our area Walk to End Alzheimer's will be held on September 21st at the Pioneer Park, 1511 Willow St., in Harlan. Check in time starts at 9:00am, with the Walk beginning at 10:00 am. We would love to have more team members!

If you are interested in joining Team Eventide, please contact Robin Schiltz or Christine Kragel at 712-263-3114. If you are interested in contributing to Team Eventide to support the fight against Alzheimer's, you can donate online at act.alz.org/walk, click on 'Find a Team' and enter Team Eventide. The website will direct you from there on how to donate to our team. You can also drop off/mail a donation to Team Eventide at Gracewell, 114 S. 20th St., Denison, IA 51442.

Please join us in the fight to end Alzheimer's! Thank you in advance for all your support, no matter the amount, as every donation makes a difference! Have a great summer, everyone!

Resource Reminder: Alzheimer's Caregiver Support Group

As our community's trusted dementia care provider, Gracewell provides education and support for those families dealing with dementia. We acknowledge that caring for your loved ones with Alzheimer's can be hard and we want you to know, you are not alone. This group will support each other by exchanging practical information and solutions, and encouraging each other while working through the emotions and struggles of caregiving. If you or someone you know could benefit from this, we invite you to attend our Alzheimer's Support Group to connect with other caregivers. The Alzheimer's support group is held on the first Tuesday of each month at 1:30pm, located in the Gracewell Conference Room, 114 South 20th Street in Denison. All are welcome to attend this support group.

Upcoming Support Group Meetings:

August 6th at 1:30pm
September 3rd at 1:30pm
October 1st at 1:30pm

When is the right time? Long-Term Care Insurance can help pay for your Long-Term Care Needs

Submitted by Morgan Saunders, Gracewell Social Worker

I often get phone calls from family members stating, "I'm not sure if it is the right time, but I think nursing home placement is coming for my loved one." It is often followed by statements of guilt and questioning if it is the right thing to do. The most disheartening thing I hear is, "what will people think of me if I am no longer able to care for them?" I am here to tell you - there is no perfect time. These are hard choices and decisions that no one can ever really prepare for. Caregiving is not an easy task. Just when you think you have got the hang of it, a wrench gets thrown into your plans!

Here are some common things I tell caregivers when I get these calls. We are all aware of the safety briefing on an airplane and understand the importance of putting our own oxygen mask on first before helping others. The same applies to caregiving. If you cannot take care of yourself anymore it is nearly impossible to effectively care for someone else. Sometimes it is okay to stop and acknowledge all the hard work you have done thus far, as well as remember you are doing the best you can. You can only help so much though, and you are not in control of your loved one's total health. Just try your best to handle the events that are in your control.

It never hurts to do your research early in the process to see what resources are available in your area. Sometimes touring different facilities helps you break the stereotypes you have about senior living. Placing your loved one in a community does not mean you are done being the caregiver. Your role is still a very important part of their care team when they live in a nursing facility. Although you might not be doing the hands-on work of caregiving anymore, you can still be an advocate for them and a friend.

Please know there are several levels of care within the Eventide Campus. We have independent living, assisted living, skilled care, nursing home care, memory care and hospice care. We encourage you to reach out with any questions to 712-263-3114 and we will direct you to the correct person.

When you plan for your retirement years, most likely you make plans of trips, hobbies, and time spent with your family. A lengthy stay in a nursing home probably is not part of the plan. When planning for retirement, it is crucial to address the potential challenges that may arise, especially when it comes to healthcare needs. Studies show that 70% of Americans over the age of 65 will require long-term care at some point.

According to SeniorLiving.org the average monthly cost for nursing home care in a private room in Iowa is \$9,242.00 per month; and the average monthly cost for Assisted Living in Iowa is \$5,356.00. You may find yourself asking how you could possibly pay for the care that you need at those rates.

Many people are not aware that Medicare and Private Health Insurance plans only provide coverage for qualifying short-term stays in a Nursing Home. They do not provide coverage for your long-term needs. Long-term Nursing Home care and Assisted Living care can be paid for in one of three ways. The use of your own personal private funds, by Medicaid, or with the help of long-term care insurance. To qualify for Medicaid, you are required to spend down virtually all of your assets. A way to help protect those assets and to help fill the gap between your income and the cost of your care is to purchase a long-term care insurance policy.

Long-term care insurance is an insurance policy that helps reimburse long term care expenses that are not covered by health insurance. Coverage can be purchased for in-home care, assisted living and nursing facility care. The cost of your long-term care policy is based on the types of coverage you choose, how old you are when you buy the policy, the waiting period before the policy will begin to pay, the maximum amount that a policy will pay per day and per lifetime, and the maximum number of days the policy will pay. Policies are customizable to meet your financial capabilities.

Long-term care insurance can help retirees to maintain their independence and age at home comfortably by helping to cover the cost of home healthcare services. It can also reduce the burden on loved ones who may struggle when faced with the responsibility of providing care for an aging relative. Long-term care insurance creates choices for these families by giving more flexibility to select the type of long-term care that fits their loved one's needs and helping to make these types of care more affordable.

When planning for retirement, it is important to consider the cost of your unforeseen healthcare needs. Long-term care insurance can give you financial security, create choices for the type of long-term care you receive, and offer peace of mind.

Wish Upon A Star

The residents and team members would like to extend their gratitude to those who granted a resident wish during the Gracewell Wish Upon a Star initiative! Many of those who gave, did more than one resident wish! Thank you to the below individuals for your thoughtfulness!

Resident Rights

Self-Determination (cont): The resident has the right to and the facility must promote and facilitate resident self-determination through support of resident choice, including but not limited to:

- a. The resident has the right to manage his or her financial affairs. This includes the right to know, in advance, what charges a facility may impose against a resident's personal funds.
- i. The facility must not require residents to deposit their personal funds with the facility. If a resident choose to deposit personal funds with the facility, upon written authorizations of a resident, the facility must act as a fiduciary of the resident's funds and hold, safeguard, manage, and account for the personal funds of the resident deposited with the facility, as specified in this section.
- ii. Deposit of Funds. (A) In general: the facility must deposit any resident's personal funds in excess of \$100 in an interest-bearing account (or accounts) that is separate from any of the facility's operating accounts, and that credits all interest earned on resident's funds to that account. (in pooled accounts, there must be a separate accounting for each resident's share) The facility must maintain a resident's personal funds that do not exceed \$100 in a non-interest bearing account, interest-bearing account, or petty cash funds. (B) Residents whose care is funding by Medicaid: The facility must deposit the residents' personal funds in excess of \$50 in an interest-bearing account (or accounts) that is separate from any of the facility's operating accounts, and that credits all interest earned on separate person funds that do not exceed \$50 in a non-interest bearing account, interest-bearing account or petty cash fund.

The gentlemen of Gracewell also got to host their own event – Guys Night! You can't beat good weather and cold beverages. Thank you to the many businesses who provided door prizes for our residents and guests.

DONATIONS

EVENTIDE FOUNDATION

The Eventide Foundation is a non-profit, tax-exempt charitable corporation formed to collect gifts of money and assets to help off-set the expenses of caring for the elderly. Funds collected by the Foundation are used to supplement the increasing costs of personal care and to provide amenities to residents that would not otherwise be available. As you plan your estate and gift endowments, we ask that you consider a gift to the Eventide Foundation. A contribution to the Foundation allows us to provide a fuller quality of life to our residents. The Foundation needs your help to continue the work of the Eventide Campus and to ensure that each of the residents can live out their life without loss of dignity or respect. We sincerely appreciated all the gifts that have been designated to the Eventide Foundation! The following list reflects gifts received during the period of March 26, 2024 through June 24, 2024.

EVENTIDE FOUNDATION ENDOWMENT FUND

When you donate to a permanently endowed fund at a qualified community foundation, you are not only helping your neighbors today – you are building a stronger community tomorrow. And while that in itself is rewarding, with the Endow Iowa Tax Credit Program, you will also get back for giving. You will be eligible to receive a 25% tax credit for each donation, in addition to any federal tax benefits you may qualify for. Eligible gifts will qualify for credits on a first-come, first-served basis until the yearly appropriated limit is reached. Contact the Omaha Community Foundation at (800) 794-3458 for more information on how Endow Iowa is helping donors do good works within the community, forever. If you are interested in donating, please make checks payable to the Eventide Foundation Endowment Fund and send them to The Omaha Community Foundation at 1120 S 101st Street, Suite 320, Omaha, NE 68124.

In publishing a list of so many names, it is possible that we may have misspelled, omitted or otherwise listed your name incorrectly. If so, please notify the Foundation office at (712) 263-3114, ext. 240 so that we can make the necessary corrections. Thank you.
